• Selected as Teaching Assistant (TA) for doctoral level course in cognitive assessment

Teaching Assistant, La Salle University **2015 - 2017**
• Psychological Assessment II: Personality and Behavioral Assessment
• Selected as TA for doctoral level course in personality and behavioral assessment

RESEARCH EXPERIENCE

Principal Investigator, Clinical Dissertation **2016 - 2018**

La Salle University

Philadelphia, Pennsylvania

Dissertation Chair: Megan Spokas, Ph.D.

- Title: *Social Support as a moderator of the relationship between interpersonal trauma, hopelessness, and suicidal behaviors in a racially diverse sample of college students*
- Final Defense: 2018

Graduate Research Assistant **2014 - 2018**

Trauma and Suicide Lab, La Salle University

Philadelphia, Pennsylvania

- Researched interpersonal trauma and suicidality in clinical and nonclinical populations
- Facilitated quantitative and qualitative data collection and performed relevant analyses

Graduate Research Assistant **2014 - 2018**

La Salle University, Child and Adolescent Lab

Philadelphia, Pennsylvania

- Co-facilitated a manualized school-based group therapy program entitled *Strategies for Success* for adolescent males with behavioral/emotional difficulties
- Provided outreach to local schools to implement *Strategies for Success*
- Adapted *Strategies for Success* to adolescent populations experiencing adverse life experiences by creating a module for developing self-compassion and self-efficacy
- Researched the impact of social aggression on the physical health of bullies
- Researched the impact of therapeutic summer camps (i.e., Camp Dreamcatcher) for children infected with or affected by HIV/AIDS

Graduate Research Assistant/Clinical Staff **2015 - 2016**

Selective Mutism Center

Jenkintown, Pennsylvania

- Analyzed data on selective mutism, social anxiety, and social communication challenges

Graduate Research Assistant, Project Manager **2012 - 2014**

John Jay College, Suicide Ideation and Sex Offender Research Labs

New York, New York

Projects: Latina Suicide Study; Culture and Emotional Wellbeing Project; Suicidal Behavior Among College Students; Desistance from Sexual Offending

Thesis: *Child maltreatment and suicidality: The roles of attachment styles and social support*

- Interviewed students about sociocultural factors contributing to past suicide attempts
- Conducted studies using the Emotional Stroop Task (EST) to test whether suicidal behavior in a diverse undergraduate sample can be detected using this approach
- Collected and analyzed data on child maltreatment, social support, and suicidal behaviors
- Researched current literature on sex offender desistance and recidivism
- Edited manuscripts on the application of positive psychology to sex offender treatment

Graduate Research Assistant/Trainer**2011 - 2014**John Jay College, Child/Adolescent Stress and Trauma Lab

New York, New York

Project: College Transition Project

- Administered psychological assessments for the College Transition Project
- Trained lab members to administer various psychological assessments
- Conducted psycho-physiological interviews with undergraduate students to gather data on students' physiological, emotional, and behavioral responses to stress

Outreach Intern/Research Assistant**2010 - 2011**Terry Children's Psychiatric Center

New Castle, Delaware

- Worked in a coordinated effort with Department of Family Services to recruit foster and biological families to the Child Wellbeing Initiative treatment program
- Provided supportive services to families during sessions
- Utilized Biolog equipment to detect heart rate and skin conductance of child/adolescent during Trauma-Focused Cognitive Behavioral Therapy sessions
